

eni 

14.15-15.00

The integrated approach to decarbonization

Risi Mauro

Head of Sustainable B2B
Opportunity Identification and Definition, Eni

15.00-15.45

Eni CCUS Strategy

Roberto Ferrario

Head of CCUS Innovation Solutions, Eni

Filomena Castaldo

Head of Carbon Storage & Valorization, Eni

15.45-16.30

Eni Rewind – from Eni’s Global Contractor to Market Player

Tommaso Baldarelli

Head of Domestic Initiatives, Eni Rewind

16.30-17.15

Agrofeedstock initiatives

Maria Gualtieri

AGROS PM Coordinator, Eni

17.15-18.00

Leading Supply Chain Development: the Procurement approach

Paola Pedruzzi

Head of Maintenance & Environment
Qualification, Eni

Erik Damico

Competence Center Major and
Domestic Contract Engineer, Eni

09.45-10.30

CCS Ravenna Hub

Paolo Murmura

Development Project Manager
- Ravenna CCS Phase 1, Eni

Paolo Testini

Director CCS Project and Carbon
Removal Development, SNAM

10.45-11.30

Circular Economy as driver for the Energy Transition

Patrizia Boschetti

Head of Circular Economy, Eni

14.15-15.00

Financial tools for the Sustainable Development of Suppliers

Francesco Fabbri

Head of Vendor Development, Eni

15.00-15.45

From Agrifedstocks to Biorefineries. Eni's vertical approach to decarbonization

Stefania Guidetti

Head of Agri & Bio Energy, Eni

15.45-16.30

HVOlution: the role of biofuels in the decarbonization pathway and future perspectives of Eni Biofuels - HVOlution: a new solution for a more sustainable road mobility

Giuseppina Pisaniello

Head of Speciali e Additivi, Eni Sustainable Mobility

Federico Bindi

Head of Cards, Eni Sustainable Mobility

16.30-17.15

Fusion Energy a roadmap towards the future

Fabio Zanon

Magnetic Fusion Technologies, Eni

Andrea Iaboni

Magnetic Fusion Technologies, Eni

17.15-18.00

Versalis' path towards Circular Economy

Lea Roberta Carbone

Circular Economy, Versalis

09.15-10.00

Hynet NW CCS Project

Fabrizio Pecoraro

Fabrizio Pecoraro: CCS Program
Management Manager, Eni

10.00-10.45

Environmental technology & innovation: Groundwater modeling & e-hyrec®/e-lorec® devices for selective recovery of LNAPL and DNAPL

Fabio Canova

Hydrogeological Modeling, Eni Rewind

Camilla Lanari

Research and Innovation Technology
Specialist, Eni Rewind

Francesca Rubertelli

Researcher - Eni Renewables, New Energies
and Material Science Research Center

10.45-11.30

Air and sea robotic monitoring

Andrea Vignali

Facilities Technologies, Eni

Keith Hester

CCUS Innovation Solutions, Eni

11.30-12.15

Fusion Energy a roadmap towards the future

Fabio Zanon

Magnetic Fusion Technologies, Eni

Mariagrazia Romano

Magnetic Fusion Technologies, Eni

12.15-13.00

Solar energy and power storage: toward a sustainable electrification

Giacomo Gorni

Electrification, Eni

Federico Bresciani

Solar Energy Storage Laboratories, Eni
